Athletic Commission**

Constitution

By-Law's

&

Procedures

FORWARD

A sincere effort was made in 1992 to revise and update the St. Norbert Athletic Commission Constitution and By-Laws. The previous revision was completed in 1988. The Constitution is to enable the SNAC to administer an equitable program that complies with Our Statement of Purpose and the North County CYC.

We, as a Parish Organization participate in the **North County**/Florissant CYC District Sports Organization. Because we choose to be affiliated with the North County CYC we will cooperate with and observe their Rules.

Constructive criticism is welcomed and an asset to any program. Provided it is presented with an open mind and directed to people in authority. It is recommended that any constructive suggestions for improvement in our program be submitted to our Executive Board, so that it may be discussed and the appropriate action taken. An individual submitting such criticism should have a feel for the entire program and recommend a possible solution to the problem.

Dates in bold parentheses indicate duly amended revisions to these By-Law's since 1992. Example: **(01/97)**

Only in the case when a Past Chairman is elected to a new Board Position, is it acceptable to hold two Executive Positions. However, only one (1) vote is counted from that Officer. In order to maintain a quorum and balance of Board representation, the SNAC Board may elect a delegate from the Standing Committee Chairs to serve as a voting member of the Executive Board. Term will last for the duration of the shorter term of the Past Chairman's dual responsibilities as a Board Member.

Six (6) of the elected Executive Board Officers must be registered parishioners of St. Norbert. EXCEPTION WAS DELETED (11/2008)

If a member of the Board resigns or is removed before completing his/her term of office, the remaining board members will appoint someone to fill the office until the next election. The candidate who received the second highest number of votes in the previous election should be given the first consideration.

A Board Member can be removed from Office if a written petition and motion for his/her removal is brought before the Executive Board, seconded and two-thirds of the Executive Board votes for his/her dismissal from Office. The board member will have an opportunity to respond to any petition brought before the Executive Board.

Anyone who leaves or arrives after the first votes were cast will be ineligible to participate in the 2nd vote. This process may be repeated for a 3rd vote. If the vote remains tied after the 3rd vote, The Executive Board will immediately vote in closed session to determine a winner.

X. SPORT REGISTRATIONS:

A child must be formally registered and pay the registration fee for the indicated sport to be eligible to participate in that sport. The St. Norbert Athletic Executive Board determines the registration fees. All fees are to be collected at the time of registration.

No child will be turned away because of inability to pay. The Executive Board will consider waiving fees for any child/children brought to the attention of the Board by a coach, Spiritual Moderator or concerned individual. All such information and requests will be kept in strict confidence.

Fines will be assessed for late registrations, except for those children new to the program or players solicited to complete rosters. All children registering late may be placed on a waiting list when the maximum number of players per team has been reached. If additional players can be acquired, an additional team will be fielded.

The SNAC is not required to place any child who registers late if a team has a maximum number of players. However, all children who register during the announced registration period will be placed on a team.

All parents/guardians are required to fulfill a work commitment **per sport** and per child registered in the program. **This requirement is determined per Sport and Scheduling Needs.** This commitment is necessary in order to continue to provide a viable Athletic Program for the children. (11/2008)

Sport registrations will be as follows:

Baseball/Softball/Golf	February
Soccer/Volleyball/Golf	May
Basketball	September

Check the SNAC Web Page & Parish Bulletin for exact dates and times. (11/2008)

XI. MANAGER(HEAD COACH) AND ASSISTANT COACHES: (11/2008)

Individuals will indicate their desire to manage or coach a sports team to the appropriate Sport Coordinator. The Sport Coordinator and the Executive Board will then review all applicants including previous year coaches. Applicants will be evaluated on knowledge of the game/rules, adherence to the stated goals and policies of SNAC and their ability to work with the children they are to coach. Managers and coaches from the previous year will be given first consideration **But will not automatically** be assigned to the manager or coach position.

**** Required coaching information is located in the Duties and Responsibilities section and appendix.**

XII. TEAM SELECTION:

Purpose: The St. Norbert Athletic Commission seeks to develop children's physical skills, sense of teamwork, respect and appreciation of the sport through the Program it provides. A team selection process is followed when teams participate in the CYC Program. The Evaluation process takes place when a child enters the Fifth Grade, starting with the Soccer/Volleyball Season. (1/1997)

Training League teams are established for younger children in most sports to help them develop the basic skills and an understanding of the rules of that sport. The Training League Program focuses on developing skills through drills and scrimmages at team practices. There may be organized training leagues available.

The Training League Program will operate under a Training League Coordinator of the Sport in season. Further guidelines for the Training League are found in the Procedures Section.

The ideal objectives of the St. Norbert Athletic Commission for teams participating in the CYC League are:

1. Each team to be made up of the same school grade/age players having comparable ability.
2. Teams will be placed in an appropriate League where they can be competitive, per recommendation of the Sports Coordinator and the team manager. The previous year's record may influence that decision. I.e. A or B
3. **The St. Norbert Athletic Commission Executive Board may approve/allow a Team to advance a Grade Level only if a St. Norbert Team is not already competing at that Grade/Division Level.** (3/2000)

The following requirements must also be fulfilled.

The St. Louis CYC Constitution: Rule III, Eligibility Rules, Section 7

The recommended number of players on a team is:

	Maximum	Minimum	Ideal/ CYC
Soccer	16	13	14
Baseball	15	11	12
Softball	15	12	13
Volleyball	10	7	9
Basketball	10	7	8

Parents will be allowed to coach on those teams their children have been placed. Player placement takes precedent over coach selection. This does not make it mandatory that a coach has a child on his/her team; it only indicates that the placement of the child on the team best suited for that child will take precedence.

The Executive Board has the final authority over all appeals, exceptions to team selection guidelines, **Team Rosters** and coaches if conflicts arise. Their decisions are final and will be based upon the best interest of the Athletic Program and the children.

Team selection guidelines are found in the Procedure Section.

XIII. PLAYER RELEASES:

St. Norbert Athletic Commission complies with the North County CYC Release Procedures. Managers and coaches will not solicit players from other Parishes.

St. Norbert players will not be released to other Parishes until it is determined that all St. Norbert teams have an adequate number of players.

The CYC Representative will not sign any releases before the CYC Final Roster turn in for that sport.

XIV. UNIFORMS:

CYC League: **St. Norbert's official CYC colors are Columbia blue with white or navy blue trim. St. Norbert Teams must comply with these colors.**

Uniforms are available for purchase through SNAC, when children start CYC League play. These may be passed on to younger siblings when out grown. Torn or badly faded jerseys must be replaced.

Managers or teams may not purchase jerseys on their own.

Exception: High school teams may purchase suitable jerseys with Executive Board approval.

Uniform jerseys are required to be tucked into pants or shorts.

XV. SPORTS EQUIPMENT:

- Equipment will be issued for each sport prior to the start of that sport season.
- The Team Manager is responsible for the care and return of all equipment at the designated time. **See Waiver for Manager/Coach.**
- Equipment shall be properly used and not abused.
 - The following **is not** permitted:

 - * Throwing or kicking any ball against a building or wall
This damages both the equipment and wall
 - * Grabbing or hanging from basketball nets or rims
 - * Climbing on back stops, soccer goals or nets
 - * Walking with cleats on the gym floor
- New and replacement equipment will be purchased per Policy utilizing a Purchase Order.

XVI. TOURNAMENTS:

Teams, whose registration fees include tournaments, have a stipend to enter tournaments that are approved by the Sports Coordinator. Teams may enter tournaments, which will exceed that amount if the team parents are willing to pay the tournament fee.

Current SNAC Tournament Allowance is two (2) CYC Tournaments or a maximum of \$250.00.

(06/2008)

Tournament games or practices shall not conflict with PSR classes.

XVII. AWARDS:

District and City League Winners receive trophies/plaques from North County CYC or Archdiocesan CYC.

The SNAC Executive Board determines the award for City/County Champions.

Presently the award is:

(01/97)

Fifth through Eighth Grades:

- * One jacket will be awarded per child. Any additional City/County Championship will result in a patch being placed on the jacket.
- * Coaches on the Official CYC Roster may receive a jacket.
- * SNAC confers **\$65.00** per individual towards the purchase of a jacket.
- * Jackets will be standardized and must be approved by the SNAC Executive Board.

XVIII. ATHLETIC COMMISSION BUDGET:

SNAC will appoint a Budget Committee with a Chairman to prepare an annual budget for the SNAC Program when determined necessary. The Athletic Commission would review this budget and the Executive Board approves the final budget. The Treasurer and the Budget Chairman will be responsible for monitoring the expenditures/receipts of all programs with the objectives of keeping those programs and expenditures in line with the budget goals and limits.

Authorized purchases will be made utilizing a Purchase Order obtained from the Treasurer.

XIX. FIELD/BLDG. ADMINISTRATION:

Athletic Fields:

The St. Norbert Athletic Commission is responsible for administration and maintenance of the Athletic Fields. The St. Norbert Athletic Commission will schedule all reservations for the Athletic Fields. The Athletic Commission will approve all requests for use of the Fields.

The Pastor and Parish Council in the Spring of 1993 confirmed that the Athletic Commission will administer the Athletic Fields as stated above.

Our General Policy is that St. Norbert's' Athletic Fields are only to be used by St. Norbert athletic teams. Any rental or additional use of these fields must receive prior approval of the SNAC Executive Board.

CYC Games may be scheduled on the fields with the approval of the Executive Board.

The Sports Coordinator will schedule practice times for St. Norbert teams when his sport is in season. The sport in season takes precedent over practice time for other sports.

The sports season for League Winners may continue through the City/County Championships.

An area will be used for the administrative work that goes along with disbursement of the sports equipment and for filing SNAC records. An additional stall is available annually to any interested Commission with the approval of the SNAC Executive Board. A small stipend may be required for utilities and maintenance to the structure. (i.e.\$10.00-\$25.00/month)

XX. ADMINISTRATION OF CONSTITUTION AND BY-LAWS:

All who participate in the St. Norbert Athletic Commission Programs, players, parents, coaches and others will abide by all CYC, Parish and St. Norbert Athletic Commission Policies and Procedures. Any violation of these Rules is subject to the disciplinary action of the SNAC Executive Board.

A Hearing Board may be convened to insure that all participants are following SNAC Guidelines and Procedures. Guidelines for the Hearing Board are located in the Procedures Section. All decisions rendered by the Hearing Board are final, subject to appeal only to the Executive Board, when new evidence is provided at the same time.

(01/24/93, 02/01/93)

SELECTION GUIDELINES FOR TEAMS PLAYING IN THE CYC LEAGUE:

Basis: St. Norbert teams playing in the North County CYC are placed in Open, Closed; A, or B Leagues. In an effort to be **impartial** and remain competitive in these Leagues we maintain a Team Selection Process. **This Process may require modification to consider the interest of the players.** (11/2008)

The evaluation of players is not to judge the children as good or bad, but to place them with children of similar abilities. It provides managers/coaches a mutual base for selection of practice/drill techniques for skill development and to meet playing time requirements. This will assist children with their physical development, appreciation of the sport and provide for a healthy competitive environment.

This evaluation process will be instituted at the Fifth Grade level in all sports. A re-evaluation process may occur at the Seventh Grade level. (01/1997)

At least one Executive Board Officer shall be present for all Team Selections. This will include any Training League Team Selections. (01/2000)

Skill Evaluation Procedure: When the number of registrations requires two or more teams, team assignments will be based on the skills demonstrated. Skill evaluation sessions will be held for all interested players in order to assess their skill levels. An effort will be made to have two practice sessions before the scheduled evaluation sessions. There will be two evaluation sessions.

The Sports Coordinator or his representative will contact all players and inform them when the skill evaluation sessions will be held.

A qualified evaluation committee and the sport coordinator will evaluate the player's skills. To maintain objectivity and fairness: parents, managers/coaches involved at that grade level are not eligible to act as evaluators. A predetermined number of skills will be evaluated on a point scale for all players. Specific skills may be weighed to reflect the nature of the sport. All scores will be totaled. The evaluation scores will be ranked from most skilled to least. Player assignments will be made from these rankings until team limits are reached or teams are given an equal number of players. When several players have equivalent skill scores at the dividing point (on the Bubble) the Coordinator may elicit information from previous coaches to complete the roster assignments. The Sport Coordinator makes all player and coaching assignments with Exec. Board approval. Team roster limits are addressed under Team Selection. Any exceptions to team size and assignments will be determined and approved by the SNAC Executive Board.

In the event that the CYC does not have enough teams to form separate "A" & "B" Divisions and "A" & "B" Divisions are placed in the same League. When St. Norbert has 2 Teams at that grade level the players will be divided into equal teams and both teams designated as either "A" or "B". (10/2002)

Parents may have the opportunity to appeal a player assignment to the Sport Coordinator. This appeal must be made on the basis of the child's performance at the evaluation session. If the Coordinator finds merit in the appeal, another evaluation may be granted. However, direct upgrading of a player to the higher skilled team is discouraged. Players and parents may also request assignment to the lower skilled team when they feel it be in the best interest of the child. The Coordinator will honor these requests and contact the next ranked child to be upgraded, if necessary.

Children are not required to attend the evaluation sessions, but would then be automatically placed on the lower ranked team.

Unless prior arrangements are made or unexpected circumstances arise, players who do not attend the evaluation sessions may not be placed on the higher skilled team roster.

To be consistent with the North County CYC **Athletic** Program, St. Norbert teams will be designated Open, Closed, A or B. The overall skill level of each team will be evaluated by the manager, coordinator and the Parish CYC Representative for the purpose of assigning teams to the appropriate CYC League.

PARTIAL TEAM EVALUATION SESSIONS: Sixth and Eighth Grades

At the conclusion of a sport registration, if the "A" team does not have a full roster, a limited evaluation session may be held. All registered players on the B team and any new registrants will be notified of the evaluation session at least one week in advance. Only one session is required. Players not interested in upgrading **are not required** to attend.

RE-EVALUATION SESSION: Seventh Grade

If there is more than one team at this grade, players will be re-evaluated for team placement. Team rosters will be completed according to player's score from the evaluation sessions. This would allow players whose skills have improved an opportunity to play at their skill level. This will also provide for equitable game participation for all players. As before, a player or parent may request not to have a child play on an "A" team. The Coordinator may elicit information from coaches regarding players on the bubble.

TRAINING LEAGUE TEAM SELECTION K - FOURTH GRADE:

(01/1997)

Players in the Training League will not be assigned according to skill level or participate in an evaluation session. The primary objective in Training League is to develop the physical skills, a sense of teamwork and good sportsmanship. Random selection and rotation of players will determine kindergarten through Second Grade team rosters. The SNAC feels exposure to different coaching styles, teammates and playing positions year to year provides a fuller training experience than a permanent team assignment. The Sport Coordinator will determine the method of assignment. Typical methods would include: alphabetical by last name, first name, street name, birth month or by **a Lottery Method**. Special consideration may be granted where extenuating circumstances exist such as car-pooling, parental scheduling issues or other problems. Care will be taken to prevent the establishment of an annual on going roster until the Fifth Grade. Manager and coach pairings will also vary year to year to aid the coaches' development. This task will be completed with the Training League Coordinator's supervision and approval.

Third and Fourth Grade team rosters will be split equally in relation to skill. The Sports Coordinator will complete this with information from their respective coaches.

In cases where there are not enough registrants to complete a team roster within an age group, parents will be notified and given open roster slots in a higher or lower age bracket of no more than one year. In the following year the child will be assigned to their proper age level and will not continue to play up or down in age unless there are no teams formed at their age level. For example, when a pre-kindergarten child plays with a kindergarten team, the next year they would be assigned to a kindergarten team rather than playing up with the first grade team.

Any Player and Team placement challenges will be submitted to the Executive Board. The Player and Team determination made and approved by the Executive Board will be final.

(11/2008)

EXAMPLES OF EVALUATION CRITERIA AND EVALUATION SCORING:

The following is a list of skills to be evaluated by sport. This list is not all-inclusive nor must all criteria be used. Combining of skills will also be acceptable. The Coordinator will review the criteria and scoring methods with the evaluators before the skill evaluation session.

ST. NORBERT ATHLETIC COMMISSION

CODE OF ETHICS FOR COACHES

Statement of Purpose: To provide our children with an opportunity to develop confidence, skills and have fun in a competitive environment with the purpose of imparting **Christian Values**, by demonstrating and teaching good sportsmanship, respect for rules/authority, team work, and self-discipline among the participants, which includes: players, managers/coaches, parents and spectators. We as representatives of St. Norbert Parish, in the community, have an obligation to conduct ourselves in a Christian manner that embodies our beliefs and enhances our community.

The function of a coach is to be an adjunct to our children's education through participation in athletic events. Athletics should complement academic achievement and should never interfere with opportunities for academic success. Each child should be treated as though they were the coach's own and their welfare shall be uppermost at all times. In recognition of this and the fact that we are a Christian Community, the SNAC Executive Board has adopted the following guidelines for those who coach.

The Coach must be aware that he/she has a tremendous influence, either good or bad, in the education of the student athlete and, thus, shall never place the value of winning above the emotional and physical well being of his players and the value of instilling the most desirable Christian ideals of character.

The Coach must constantly uphold the honor and dignity of coaching. In all personal contact with the athlete, officials, parents and opponents, the coach shall strive to set an example of the highest Christian and ethical conduct.

The Coach shall take an active role in the prevention of drug; alcohol and tobacco abuse and under no circumstances should authorize their use. (There is to be no consumption of alcohol or smoking while performing your duties as coach, this includes practices and games.

The Coach shall treat each player as an individual, remembering the large spread of emotional and physical development for the same age group.

The Coach will do his very best to provide a safe playing environment for his players. Acquiring some knowledge of first aid principles is recommended.

The Coach shall do his best to organize practices that are fun and challenging to all his players.

The Coach shall be thoroughly acquainted with the contest rules and is responsible for their interpretation to team members. The spirit and letter of the rules should be regarded as mutual agreements. The coach shall not try to seek an advantage by circumvention of the spirit or letter of any rules.

Coaches shall actively use their influence to promote a Christian attitude and sportsmanship from their spectators, working cohesively with the Coordinator, the St. Norbert Athletic Commission and the CYC.

Contest officials shall have the respect and support of the coach. The coach shall not indulge in conduct that will incite players or spectators against the officials. Public criticism of officials is unethical.

Coaches should meet and exchange friendly greetings with opposing coaches to set the correct tone for the event, before and after contests.

Coaches don't consider yourself a success if your team wins. Consider yourself a success, only when you are convinced that the players on your team become better people because of your good example as a coach and person. In working with young people it's helpful to remember that Christian integrity is learned from example, not necessarily taught.

I will remember that I am a youth coach, and that the game is for the children, not the adults.
